02nd ISIDOG CONGRESS

VIENNA, AUSTRIA
OCT. 26th – 29th, 2017

What did you like about the congress in general?

- very high quality of presentations, open & fruitful discussions, networking possibilities
- sessions/well well balanced topics
- Venue & organised professionally
- small conference, easy networking
- Vienna
- TOPICS: Excitig topic microbiome; probiotic in treatment; core business = infections
- Diversity
- Excellent opportunity to meet key opinion leaders
- Posters in oral form only. This saves money he contributors

02nd ISIDOG CONGRESS

VIENNA, AUSTRIA
OCT. 26th – 29th, 2017

What could be done to improve the quality of the congress?

- add trainings (eg microscopy)
- More time for discussion
- **more of clinical guidelines**
- schedule time for Q & A
- To serve proper food at lunchtime and possibly a little more/longer breaks
- Topics for third world countries
- add other experts (Microbiologists, biochemists.....) to enrich the participants with other aspects of the diseases.
- Interactive sessions or debates
- more emphasis on clinical relevant speeches

How do you rate the balance between clinical presentations and research work?

What was your attendee status?

02nd ISIDOG CONGRESS

VIENNA, AUSTRIA
OCT. 26th – 29th, 2017

Feel free to share any other thoughts with us:

Excellent Organization!!!

really well done, so... thank u for the experience...

coffee break is ok, but not enough healthy food available

More attention to resistant form of infection

Congratulations to the scientific organizers to the great conference!!!

Thank you for your passion to reach out and provide updates
